

# **Union Bay Improvement District**

## **Public Notice**

### **Union Bay Improvement District Water Users**

Please be advised the McLeod Road Reservoir Tank will be cleaned on **Tuesday, June 6**, with water lines also to be flushed on **June 13<sup>th</sup>, 14<sup>th</sup> and 15<sup>th</sup>, 2017**.

The water may be highly coloured and turbid at this time but will continue to be chlorinated. Water pressure fluctuations may also occur. Avoid laundry mishaps by running water until it is clear before starting. Consumers using water during this time should be aware that water quality could change rapidly. It is therefore advisable to keep an ample supply of potable water on hand or in your refrigerator until this situation clears. People with immune deficiencies should boil water during this period.

Please be advised the water is checked daily and residents will be notified via the local radio station if a Boil Water Advisory occurs.

For further information call the UBID Office at 250-335-2511, or go to our website [union-bay.ca](http://union-bay.ca)
